waters
FALL . WINTER 25/26
THE WATERWEAR COLLECTION

What began as a rebellion of kite culture 20 years ago has turned into reimagining the water experience. Today, Mystic forms a diverse group of kiteboarders, windsurfers, wakeboarders, and surfers hailing from all corners of the world.

Mystic has helped shaped some of the most renowned riders, and they have been the backbone to our products. By combining the expertise of our riders and our spirit of innovation, we've distinguished ourselves at world-class events.

With two decades under our belt, our focus is to create a range of equipment that embraces durability. We ensure this by putting our products through continual testing–with our riders, as well as here in the North Sea. In doing so we bring inspiration to riders around the world and push the evolution of watersports together.

FALL / WINTER COLLECTION 2025 / 2026

MYSTIC

boundless
waters

HOURS PUT INTO A CRAFT WITH A NEVER-ENDING SCOPE OF
CREATIVE FREEDOM

WATER IS PERPETUA LLY MOVING, SHAPING, AND SUSTAINING
CROSSING BOUNDARIES, BORDERS, AND MILLENNIA

IT KEEPS TEACHING, YOU KEEP LEARNING, YOU KEEP
LEAVING WITH MORE THAN WHEN YOU STARTED

IT RUNS THROUGH US ALL

To do what we love, we need gear, but we also urgently need healthy waters, unspoiled coastlines, and a sustainable planet. It's why we're committed to minimizing our products' environmental and social footprint, and why durability forms the foundation of our design philosophy.

We continuously research and explore new materials and fibers for our collections, while using the most sustainable manufacturing practices available to us. Within this process, transparency is essential. It allows us to openly communicate our progress, challenges, and commitments, while actively engaging our network and industry to do the same.

BOARDBAG MATERIALS

With the use of recycled PET, we've significantly reduced our reliance on virgin plastic. This not only minimizes our environmental footprint but also promotes a sustainable cycle of reuse, ensuring that materials stay in circulation, out of the waste stream, and conserve elementary resources.

WETSUIT MATERIALS

This season, our wetsuit range grows with Natural Foam, 90% biobased from materials including rubber, oyster shells, plant oils, and sugarcane. This complements the renowned Yamamoto 39 and 40 rubber from Japan. Softer, lighter, and more durable than conventional petroleum-based neoprene, both alternatives set a high standard of performance with excellent rebound, making up about a third of our collection.

APPAREL MATERIALS

Our goal is to shift to materials that have a lesser environmental and social impact. We currently use organic cotton for our t-shirts and have switched to recycled polyester for around 70% of our polyester-based products. Each year more of our products are made with preferred materials.

PACKAGING

By creating generic packaging we optimize its use and reduce the amount of wasted leftover packaging. We also minimize the number of hangtags on our products. Paper and cardboard make up the bulk of our packaging – and when we do use plastic – we make sure it's from recycled origin.

MYSTIC BOARDING COM

INTRODUCING YAMAMOTO 40

Also known as “superstretch” rubber, Yamamoto 40 takes the flexibility of Yamamoto 39 up a notch, giving you even more range of motion. It retains all the same standout specs—lightweight, durable, and efficient—just with extra flex.

Crafted from Yamamoto limestone excavated from Osaka’s quarries in Japan and processed onsite, this material boasts a high stretch ratio and exceptional insulation. Plus, it leaves a smaller environmental footprint compared to conventional wetsuits.

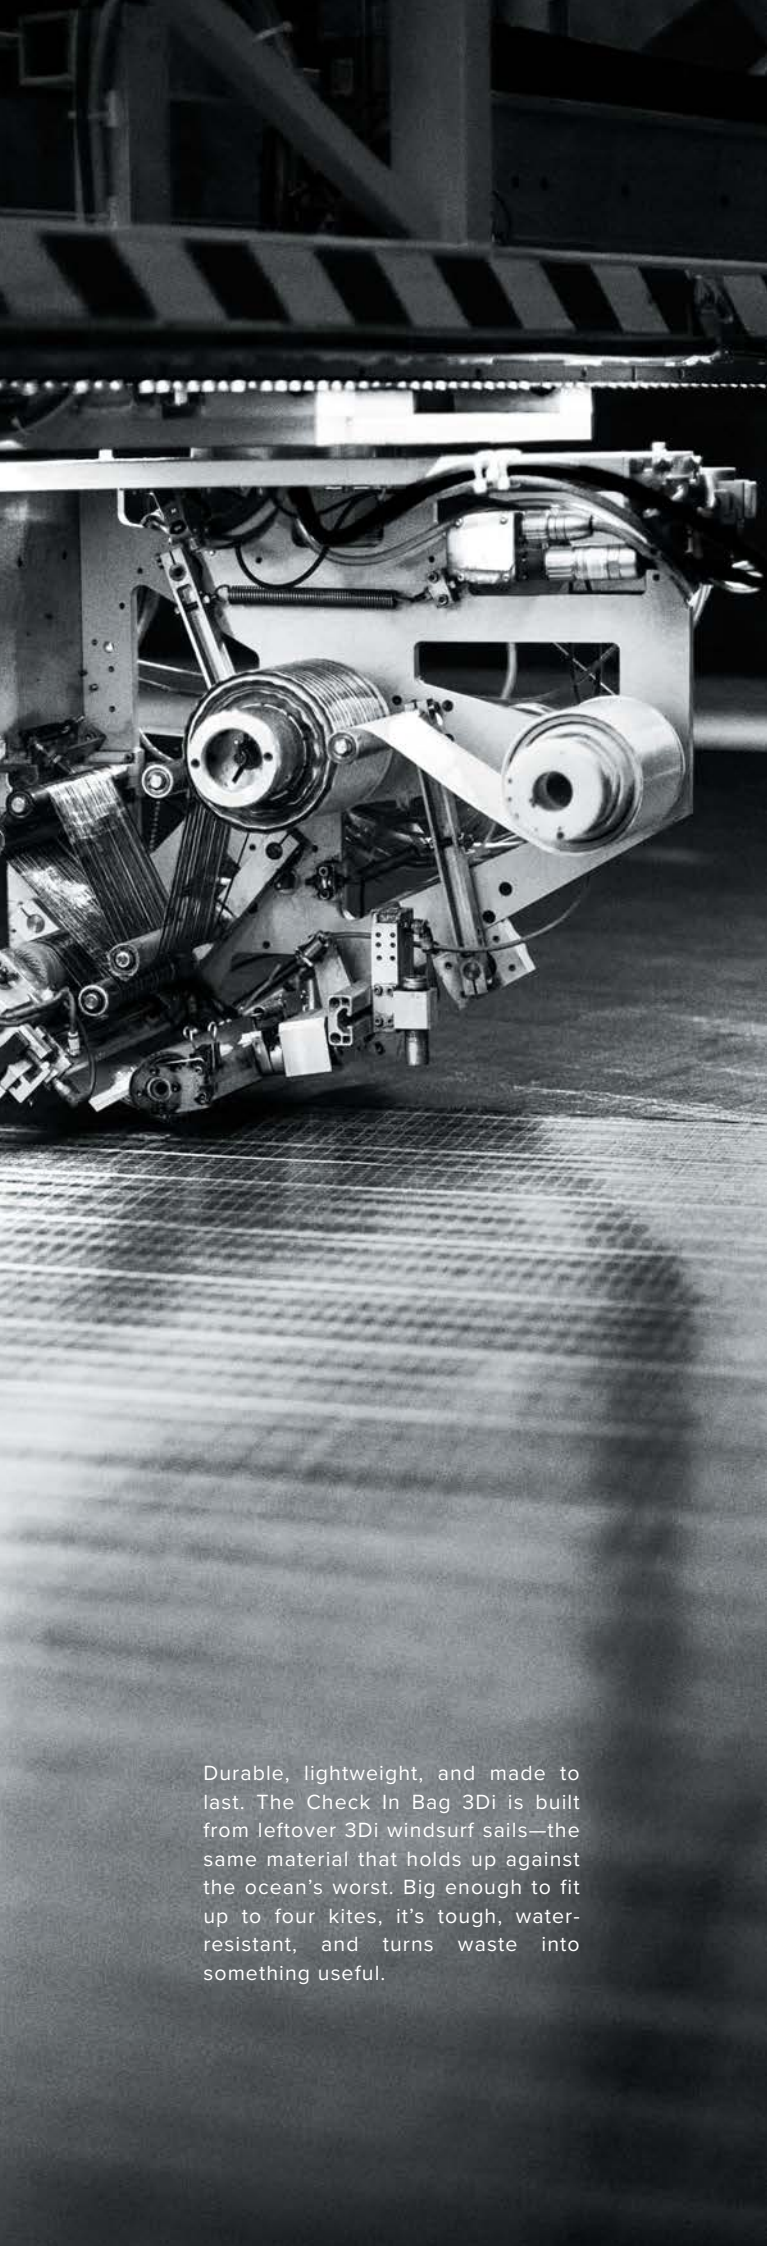
5:4MM **4:3MM**

MYSTIC BOARDING COM

THE PINNACLE OF OUR WETSUIT RANGE

If we could make the Majestic and Jayde any better, we did. We've replaced the Yamamoto 39 with Yamamoto 40, one of the most flexible rubbers around, and paired it with our strongest panel layout yet. Built in 3D because advanced materials deserve advanced construction. Beyond the Yamamoto upgrade, we've lined the wetsuits with recycled EcoFleece and used recycled super stretch on the outside, giving it even more stretch. On the water, it performs. Off the water, it's easier to slip in and out of than ever.

A WEEKEND BAG – MADE FROM LEFTOVER WINDSURF SAILS



CHECK IN BAG 3DI

BAG

120L 80 X 45 X 33 CM

Durable, lightweight, and made to last. The Check In Bag 3Di is built from leftover 3Di windsurf sails—the same material that holds up against the ocean's worst. Big enough to fit up to four kites, it's tough, water-resistant, and turns waste into something useful.

The same 3Di technology made with spread filament construction in North's 3Di sails. Known for its exceptional strength-to-weight ratio, this material resists wear, handles heavy loads, and endures harsh conditions. It's water-resistant, lightweight, and gives the bag a unique look that only 3Di can deliver.

DryWeave: Stay Fresh, Stay Dry

DryWeave is our innovative quick-dry fabric, keeping neoprene boots fresh and odor-free. Its advanced antimicrobial coating, powered by recycled silver, inhibits bacteria and neutralizes odors. Made with 47% recycled polyester, it's an eco-conscious choice for clean, dry gear, ready for every adventure.

SUPREME
BOOT

Fits like a sock, warms like a boot.

The Supreme Boot is built for performance, featuring a durable sandy-colored sole for exceptional grip and flexibility, a strap-free seamless entry system, and an ultra-thin sole for superior board feel. Inside, Flaremesh lining provides insulation and quick drying, while a silicone-based ankle print creates a watertight seal to keep your wetsuit secure and water out.

DYNEEMA LEASHES

WING

These wing leashes feature a Dyneema outer layer, a material known for its strength, flexibility, and lightweight nature. Designed to stretch up to double its length, they allow for a compact leash that performs when it matters most.

Dyneema

CHOOSE YOUR SETUP:

HARNESS-TO-BOARD

HARNESS-TO-WING

WRIST-TO-WING

The harness-to-board leash includes a quick-release safety feature for added security. Its soft Dyneema construction ensures comfort—even if it brushes against you during a maneuver or inevitable wipeout.

ACCESSORIES (SOLD SEPARATELY)
Spare Shelf, Branded Hook Pack

Fasten our single-sided slat rack display stand against a wall or double-up to create a freestanding shop-fitting solution for showcasing Mystic Products, Accessories and Parts in your store. These units come with a lightbox, downlights, and 50 unbranded hooks. The branding pack for the lightbox at the top is sold separately.

Each unit is fitted with horizontal slat panels separated by a series of grooves 100mm apart, into which hooks or shelving brackets can be slotted. The attachments slide in and out of position, so you can change hangsell displays without using drills or screwdrivers. Panels are made from coated MDF.

Metal display stand with LED backlit top panel.

HELMET DISPLAY NEW PRODUCT

PRODUCT DETAILS

Specs and Sizing

35011.250505
830 Metal Grey
One Size

Dimensions: 1700 x 440 x 360 mm
Capacity: Holds up to 12 helmets
Compatibility: Suitable for Helmets, Impact Caps, and Legacy Helmets
Packaging: Ships flat-packed (1820x420x150mm)
Material: Black metal frame with double-sided Forex image panels
Customization: Replaceable images (future availability)
Assembly: Quick and easy assembly
Mounting Options: Includes slat wall connectors

THE HELMET DISPLAY CAN BE USED IN MULTIPLE WAYS TO FIT YOUR STORE LAYOUT
- Against a Wall: Ideal for compact spaces
- Mounted on a Slat Wall: Easily integrates with existing store fixtures
- As a Centerpiece: Creates a standout display in the middle of your shop

The Helmet Display is a versatile solution for showcasing helmets in your store. Designed to hold up to 12 helmets, it is also compatible with Impact Caps and Legacy Helmets, making it a multifunctional addition to your retail space.

With its sleek black metal frame and double-sided Forex image panels, this display is both durable and visually appealing.

For a cohesive look, the Helmet Display pairs perfectly with our Universal Display Stand and Apparel Display. All units share the same high-quality materials and finish, providing a unified and professional retail presentation. Upgrade your retail space with the Helmet Display—designed for style, durability, and flexibility.

GENERAL CONDITIONS

OF DELIVERY & PAYMENT

General conditions of sale, delivery and payment of North Actionsports Group of Katwijk, in the Netherlands.
All prices in euro. All prices under proper reserves.

Article 1: Applicability of these conditions.

1.1 All proposals shall be made with the declaration that these general conditions of sale, delivery and payment shall apply both to the proposal and the acceptance thereof, and to the agreement as established.

1.2 General conditions (of purchase) of the client shall only apply where it is expressly agreed in writing that these apply with the exclusion of these conditions of supply to the agreement between parties.

Article 2: Proposals, quotations.

2.1 All proposals shall be without obligation unless these contain a period for acceptance. Where a proposal contains an offer without obligation, we shall have the right to revoke the offer within two working days of receipt of acceptance.

2.2 In case of composite price quotations there shall be no obligation to deliver a part for the corresponding part of the price indicated for the whole.

2.3 Where reservations or modifications with respect to the proposal are included in the acceptance, as an exception to the provisions of Article 2.1, the agreement shall only come into being where we have notified the client that we agree to these deviations from the proposal.

2.4 If no order is placed after the proposal requested, the costs of this may only be charged where this has been agreed.

2.5 For additional and extra work for which no price has been agreed the price to be paid shall be calculated on the basis of costing.

Article 3: Prices and price changes.

3.1 All prices indicated shall be exclusive of value added tax (VAT) and other levies imposed by the Authorities.

3.2 The price which we indicate for the service to be performed shall only apply for such service and not for the dispatch and transport costs etc.

3.3 We shall be entitled to increase the agreed price if one or more of the following circumstances occur after signature of the agreement: increase in the costs of materials or services which are necessary for the execution of the agreement, increase in dispatch costs, wages, employer's charges and social security contributions, in the costs involved in other conditions of employment, introduction of new and increase in existing government levies on raw materials, energy or waste, an appreciable change in foreign exchange rates or, in general, circumstances which are comparable with all these.

Article 4: Delivery method; reservation of ownership.

4.1 Unless otherwise agreed delivery shall be made to the place where we carry on our business.

4.2 We shall not be obliged to carry out delivery in parts.

4.3 The client shall be obliged to give his full cooperation to the delivery of the goods to be supplied by us in accordance with the agreement. The client shall also be in default without being given notice thereof where he does not collect the goods to be delivered from us after our first request or where a delivery to his address is agreed, he refuses to take receipt of the goods.

4.4 Any delivery of goods by us to the client shall be made on reservation of title thereof, until the client has paid everything to which he is obliged under the agreement, including interest and costs.

4.5 Where transport of the goods to be delivered is agreed, this shall be for account of the client, unless free delivery has been agreed. The client shall only bear the risk during transport. The acceptance of goods from us by the carrier shall be deemed evidence that these are in an externally good condition, unless the contrary is shown by the consignment note or the receipt.

4.6 We shall not be responsible for the storage of the goods to be delivered, unless this is expressly agreed. Where storage is carried out, this shall be for account and risk of the client.

Article 5: Delivery period

Delivery periods indicated shall never be regarded as deadlines, unless otherwise expressly agreed. In case of late delivery we must therefore be given written notification of default.

Article 6: Partial delivery

Any partial delivery, including also the delivery of components of a composite order, may be invoiced. In such case payment must be made in accordance with Article 8 'terms of payment'.

Article 7: Check upon delivery

7.1 The client shall be obliged to check with appropriate speed after delivery whether we have satisfactorily fulfilled the agreement and shall also be obliged to notify us immediately in writing, should he find the contrary. The client must carry out the check just mentioned and give the relevant notification at the latest within 24 hours of delivery.

7.2 We shall always be entitled to provide a satisfactory new service in place of a previous unsatisfactory service, unless the default cannot be remedied.

7.3 The fulfillment of the agreement shall be regarded between parties as satisfactory where the client has been in default of promptly carrying out the check or the notification as referred to in paragraph 1 of this Article.

7.4 Where the period of 24 hours referred to in the first paragraph of this article in accordance with criteria of reasonableness and fairness must also be regarded as unacceptably short for a careful and alert client, this period shall be extended at the latest until the first time when the check or the notification given to us by client is reasonably possible.

7.5 Our service shall in any case be regarded between parties as satisfactory where the client has taken into use, treated or processed, or delivered to third parties the goods delivered or part of the goods delivered or had them taken into use, treated or processed or delivered to third parties unless the client has taken into account the provisions of the first paragraph of this article.

Article 8: Terms of payment.

8.1 Payment must be made upon delivery in cash, unless otherwise expressly agreed in writing.

8.2 Where a discount for cash payment is agreed, this may only be deducted from the invoice amount where paid within the agreed period and where at the time of the application of the discount there are not any other unpaid invoices.

8.3 From the due date the client shall owe interest on the invoice amount of 1% per month or part thereof.

8.4 The demand for payment of the purchase price shall be immediately payable if the client is declared bankrupt, applies for suspension of payment, an application for placing under restraint is pending, any attachment is made on goods or receivables of client, client dies or where this is a partnership, a private limited company or a public limited company, it goes into liquidation, is dissolved or acquires another partner.

8.5 Where the client is in arrears with any payment - even where this is the result of another agreement - then all amounts to be paid by him to us shall be payable up to the full amount, irrespective of the status of the orders and we can demand immediate payment thereof. In that case the execution of any order given by this client is to be suspended until payment is made within a period to be set by us which has become payable in case of the previous sentence. Where payment has not been made within this period, we shall be entitled to cancel all orders of that client, notwithstanding all rights to compensation as provided in case of 'cancellations' in Article 10.

8.6 Any suspension of payment granted may be withdrawn by us at any time.

8.7 A payment is regarded as received once the amount in question has been credited to the account indicated or have been handed over in cash.

8.8 A payment made by the client shall always cover all interest and costs owing and then invoices payable which have been outstanding the longest, even where the client ind cates that the payment relates to a later invoice.

8.9 All costs, both extrajudicial and judicial, including the costs for solicitors, bailiffs and collection agencies, incurred with regard to the collection of the amount payable by the client and not paid promptly shall be for account of the client. They shall be fixed at a minimum of 15% of the amount in question and shall amount to at least 150 Euro.8.10 Any applied order discount will be withdrawn if the payment has not been received by North Actionsports Group on the due date of the invoice.

Article 9: Retention right

We shall be entitled to hold onto the goods of the client on our premises until payment of all costs, which we have incurred to execute orders from this same client, unless the client has provided sufficient surety for these costs. We shall also have the retention right where the client becomes bankrupt.

Article 10: Cancellations

Where the client cancels the order given in full or in part, he shall be obliged to reimburse us for all costs already incurred with a view to the execution of this order and, where we wish this, to take the goods intended for the execution of this order for his account at the prices included by us in the costing. This is all not withstanding our right to remuneration for loss of profit as well as the other loss arising from the cancellation involved.

Article 11: Force majeure.

11.1 The delivery period referred to in these conditions shall be extended by the period during which we are prevented by default which cannot be attributed to us - further indicated by force majeure - from fulfilling our obligations.

11.2 There is a question of force majeure on our part where after signing the purchase agreement we are prevented from fulfilling our obligations arising from this agreement or preparing for them as a result of war, danger of war, civil war, revolt, war risk, fire, water damage, flooding, strike, occupation, lock-out, import and export barriers, government measures, faults in machinery, disruptions to the energy supply, all both in our company and at third parties, from whom we have to obtain all or part of the goods required, as well as in case of storage or during transport whether or not under our own management, and also by all other causes which arise through no fault of ours or outside our sphere of risk.

11.3 Where the delivery is delayed by force majeure for more than fourteen days, both we and the client are empowered to regard the agreement as terminated. In that case we shall only have a right to reimbursement of the costs to be incurred by us.

Article 12: Liability.

12.1 Our liability under the agreement with the client shall be limited to an amount proportionate to the agreed price in accordance with criteria of reasonableness and fairness.

12.2 We shall not be liable for damage of any type whatever which arises because or after the client has, after delivery, taken the goods into use, treated or processed them, delivered them to third parties or had them taken into use, treated or processed or delivered to third parties.

12.3 We shall also not be liable for loss in the form of loss of profit or reduction in goodwill in the company or the profession of the client.

12.4 Where we are held liable by a third party for any damage for which we are not liable by virtue of the agreement with the client or these conditions of delivery, client shall indemnify us in full from this and reimburse us for everything that we have to pay to this third party.

Article 13: Applicable law and disputes

13.1 Only Dutch law shall apply to the agreements between us and the client.

13.2 All disputes between parties shall be settled by the competent Court, in the district in which we are established.

13.3 We shall however remain authorized to summons the client before the court competent in accordance with the law or the applicable international convention.
